

ALTA AURA DESIGNS

Bespoke fur-felt hats crafted through an
immersive design experience.

You are at the center of every piece.
Each design choice is intentional and
crafted with passion.

It's time to step into your
ALTA AURA.

Elevated Fashion, Unapologetically You.

The ALTA AURA Experience

Designer Discovery

We begin with a private, in-person session curated around you.

Together, we define your vision- exploring silhouette, materials, color, and proportion- while measuring your head for a precise fit.

Craftsmanship

Your selected materials are commissioned and prepared.

Each hat body is blocked, shaped, and sewn by hand- creating a structured foundation for the final personalization.

Transformation & Personalization

We finalize your journey together by shaping the brim and crown and selecting thoughtfully curated accessories to make your hat unmistakably you.
